WE DESIGN, PRINT & PROMOTE...YOU!

Hello Saskatchewan curling community,

As we get ready to kick off another exciting curling season, I am thrilled to introduce myself as the new President of CURLSASK. My name is Darcey Huyghebaert, and I have been involved with CURLSASK since 2001. Curling has always been a big part of my life, and it is truly a privilege to be part of such a passionate and dedicated community.

Before we dive into the new season, I want to take a moment to reflect on the remarkable journey we shared last year. The successes we achieved were a true team effort, and I want to extend my heartfelt thanks to all the volunteers and sponsors who continue to support our sport. Your commitment and generosity are the backbone of curling in Saskatchewan, and your efforts ensure that our community continues to thrive.

A big round of applause is also in order for the athletes who competed with such passion and determination in last season's playdowns and events. Your skill, sportsmanship, and dedication make our community proud, and we are excited to see what this season has in store for all of you. Whether you are a seasoned competitor or stepping onto the ice for the first time, your involvement keeps the spirit of the game alive.

Behind the scenes, our CURLSASK board and staff have been working tirelessly to prepare for the 2025-2026 season, making sure everything runs smoothly and creating opportunities for everyone to enjoy curling to the fullest. Their dedication and hard work are what make our events successful, and I am grateful for their ongoing commitment.

As we begin this new season, our focus remains firmly on you, our members. Your voices matter, and we encourage you to share your thoughts and ideas, as your feedback helps us grow and strengthen the curling experience for everyone. Together, we can make this season one that is welcoming, fun, and full of memorable moments.

Remember, we are more than individuals; we are a team, a family bound by our shared love for curling. Together, as Team Saskatchewan, we will continue to uphold the values and traditions of our sport, celebrating camaraderie, sportsmanship, and the joy of being on the ice. I am looking forward to a season filled with great curling, new friendships, and unforgettable experiences for players, coaches, ice makers, volunteers, and fans alike.

Wishing everyone a safe, enjoyable, and successful season,

Darcey Huyghebaert

STAY REAL WITH MILK.

MILK IS A COMPLETE FOOD, PACKED WITH THE NUTRIENTS YOU NEED TO STAY HEALTHY AND PERFORM.

HYDRATE

Regular white milk has been shown to hydrate better than either sports drinks or water because it is a source of high quality protein, carbohydrates, calcium and electrolytes.

RECHARGE

Chocolate milk provides protein, calcium and vitamin D with an added punch of carbohydrates to stimulate performance and improve muscle recovery. Drinking 500ml of 1% chocolate milk immediately, and another 500ml one hour after exercise has been shown to improve damaged muscle fibre, outperforming comparable soy and carbohydrate recovery beverages.
