CURLSASK is the policy decision forum for Provincial Championships, all the provincial qualifiers, as well as its other sanctioned events and Tour Points. All matters of concern should initially be directed to CURLSASK Event Coordinator or Executive Director.

During a championship or qualifier, CURLSASK policies and procedures interpretations are the responsibility of the CURLSASK in consultation with the event's Chief Umpire and/or the CURLSASK 's Head of Officials, Liaison and/or Host Chair. SPONSORS AND PARTNERS

The sponsors of curling contribute substantially to the sport. There are currently many different sponsors at the national, provincial, regional, local, and team levels. In addition, the federal, provincial, and municipal governments provide funds for our sport.

At CURLSASK, our sponsorship agreements are continually evolving to meet both the needs of the sport and those of the sponsors. We ask you, as curlers, to recognize the importance of the support curling receives from these partners. Without the contributions of our corporate and government partners, the quality of our competitions would be greatly diminished.

Below is a list of our current sponsors:

- SaskTel
- Bunge
- Biktrix
- Pharmasave
- SaskMilk
- SGI

SECTION 1: GENERAL INFORMATION

CURLSASK POLICIES & PROCEDURES

- 1) [Event Discipline Policy](#)
- 2) [Code of Conduct](#)
- 3) [Concussion Policy & Protocol](#)
- 4) [Social Media Policy](#)
- 5) [Safe Sport Policy](#)

GENERAL INFORMATION

Curling is based on a code of ethics, good sportsmanship, and personal integrity. Players and coaches are expected to follow this tradition and the rules of the game throughout the competition.

All events will be played under the “Rules of Curling for Officiated Play” as specified in the latest edition of the rulebook published by Curling Canada (CC) including all subsequent rule changes and interpretations adopted by CC as of the start of the competition. “Rules of Curling for Officiated Play” may be supplemented by rules in this Competitors Guide and/or the related Appendix for a specific event.

CONDUCT

Competitors and coaches are required to conduct themselves on and off the ice in an appropriate manner and abide by the rules of the competition. The Chief Umpire and CURLSASK may intervene at any time if a team, player, or coach is displaying inappropriate behavior. Competitors and coaches agree to abide by the [CURLSASK Code of Conduct Policy](#) as listed in the CURLSASK Policies available on its website.

- 1) Expulsion of a Player
 - a) If a player/coach is expelled from a game for on-ice misconduct, the following shall apply:
 - i) The player/coach must leave the ice surface immediately. If the player/coach refuses to leave the ice surface, the team will forfeit the game.
 - ii) For the remainder of the game, the player/coach may not be in the viewing area of the facility or on the ice surface.
 - iii) Once a player/coach has been expelled, further suspension for the remainder of the competition will be determined as per the [CURLSASK Code of Conduct](#) and [Event Discipline Policy](#).
 - iv) An expelled player will not be allowed a substitute for the remainder of that game. In Mixed and Mixed Doubles play, where a minimum number of players are mandatory, the team will automatically forfeit the game.
 - b) A team will be allowed a substitute/replacement player or substitute certified coach if further suspension is carried out. The substitute/replacement player must follow the rules of substitution for that competition. The substitute certified coach must have the proper qualifications as per CURLSASK guidelines.

SAFE SPORT

CURLSASK is committed to creating a safe and welcoming space. Should your team wish to advise CURLSASK of any issues or concerns, [submit a report online](#).

CONCUSSION PROTOCOL

If a suspected head injury occurs, the [Concussion Protocol](#) will be in effect, and athlete(s) may be removed from competition. The Competition liaison will have a copy of the Concussion Protocol.

ELECTRONICS

In the playing area, electronic devices that provide communication are NOT permitted (e.g. cell phones, iPods, smartwatches etc.) and must be placed on silent or airplane mode.

- 1) The use of speed traps is permitted during the PRE-EVENT practice as long as it does not delay the practice schedule.
- 2) Teams may livestream games that are not already being streamed by CURLSASK streaming partnerships. All streaming equipment, with the exception of microphones, must be on the warm side of the glass and may not interfere with the coaches'/players' area.
- 3) Listening devices are permitted; however, the coach cannot have access to them during the game. Non-compliance will result in removal from the field of play, including the coaches' bench. Active game listening is strictly prohibited. Coaches can only use it for post-game training purposes.

CURLSASK CRESTS

If crests have been provided for an event, recommended positioning is on the front of the jacket or the sleeve. ALL crests **MUST BE** visible and secured properly prior to team meeting.

DRESS STANDARDS

- Visible advertising on team apparel will be permitted if there is no conflict with Provincial sponsors. CURLSASK retains the right of refusal.
- Players and coaches are not required to wear coordinating jackets, but it is recommended.
- Pants must be of matching colour. If the team chooses to wear non-traditional curling pants, the players and coach must have identical pants.
- Shirts must be of appropriate length to not expose bare skin or undergarments.
- Headwear may be worn; if baseball style hats are worn, peaks must be forward (appropriate logos only)
- Protective headgear is permitted, and team members do not require protective head gear to match.
- Coaches are permitted to wear parkas in the ice area.
- Players and coaches must be in appropriate curling attire and footwear to access the playing area. Jeans are not acceptable in the Field of Play.

TEAM SPONSORSHIP

CURLSASK has placed restrictions on the display of team sponsors and commercial messages on team uniforms to protect the value of its event properties. At the same time, CURLSASK recognizes the importance of team sponsors and values their participation in the sport. CURLSASK will review the prominence of team sponsors at Provincial Championships.

If a team sponsor conflicts with an existing CURLSASK category exclusive sponsor, there shall be no presentation of any kind within the host site. This includes, but is not limited to:

- 1) Clothing;
- 2) Signs;
- 3) Products;
- 4) Equipment;

SOCIAL MEDIA

All participants acknowledge and agree to follow the [CURLSASK Social Media Policy](#).

Unquestionably, the landscape has changed in terms of the ways that players, fans, and the media interact, and it's recognized that the various forms of social media represent a valuable opportunity for communication. Competitors are encouraged to embrace social media, as they present avenues to promote curling and their own teams. However, there must be certain responsibilities attached to the use of these social media outlets.

There is no such thing as "off the record" when it comes to communication via social media. Hitting the "send" button on a Tweet makes it part of the public record, and it can be distributed to thousands of people in just a few seconds. Avoid using social media when emotions are heightened.

MEDIA

Players are required to cooperate with the media and grant interviews when requested. Players must always conduct themselves in an appropriate manner with the media and recognize that the media can be a valuable instrument in positive sport marketing and promotion.

RF MICS

Members of your team may be required to wear a radio frequency (RF) microphone. Wearing the RF microphone comes with the responsibility of "watching your language". Swearing on air is strictly forbidden,

and players will be fined and/or suspended, as per the [Event Discipline Policy](#). Television partners have received stern warnings from the CRTC (Canadian Radio-television Telecommunications Commission) concerning profanity and inappropriate language on air during broadcasts. This concerns our organization greatly, which could ultimately jeopardize the broadcasting of curling games in Saskatchewan. Therefore, all competitors are asked to refrain from any language that might be considered offensive. Offensive language on air will result in fines that can and will escalate to suspensions as necessary.

TEAM MEETING & CEREMONIES

All competitors (including coaches and 5th) must attend any designated competition ceremonies, meetings and socials when held in conjunction with the competition. If a competitor must be absent from the ceremonies because of illness, accident, or other extenuating circumstances, prior permission must be granted by CURLSASK.

1) Team Meetings

- a) At least one team member and/or coach (coach is required for U20 and younger divisions) as listed on the roster, from each team must attend the team meeting hosted by the Chief Umpire. The meeting is one hour prior to the team's first game, unless otherwise stated in the official schedule of events. If a team fails to attend as required, the team will be penalized with a loss of hammer in their first game. At that time, any questions regarding officiating or rule interpretation should be presented for clarification. The competitors will be advised at this time of the level of officiating that they may expect at the event.

2) Formal Obligations

- a) The entire team, including alternates (5th players) where applicable, mandatory coaches (Under 20 age division and younger) are expected to attend and participate in event ceremonies. Your cooperation is expected as a show of sportsmanship. If a team fails to attend as required, the team will be penalized with loss of hammer in their next game.

REGISTRATION & ROSTERS

Registrations for provincial qualifiers or open provincial championships will close immediately following the registration deadline.

Registration information for each event prior to the registration deadline will be published online in real time and available publicly, where technology allows. Rosters are not considered official until validated by CURLSASK and payment from team is received.

The official rosters will be created as per the information submitted by the teams through the online registration process. The official rosters will be posted online within three days of the start of the competition. These rosters will carry forward through each level of competition unless a change is submitted to CURLSASK by email and confirmed.

Teams are responsible to properly complete and verify their registration, which is confirmed by receipt of the email from Curling I/O Support with the subject of 'Order Submitted - Curling I/O'. If you have received this confirmation, there is no need to contact the CURLSASK office. Once this confirmation is received, all team members must ensure that they have signed the waiver for the current season and have an up-to-

date curler profile in Curling I/O. For clarity, players who already have a curler profile which was created in a previous season should not create a new one.

CURLSASK must be notified of any changes to the roster with the addition of a coach, alternate or replacement by email. To clarify, the office does not need to be notified if there is a position change within the originally registered roster. It is the team's responsibility to ensure eligibility. Roster or registration changes are not considered valid until verified by the CURLSASK staff or Chief Umpire in writing.

It is the team's obligation to ensure the coach is listed on the official roster prior to the start of the event. If the coach is NOT listed, CURLSASK staff should be notified immediately.

Official roster changes are not permitted during an event, except in special circumstances as approved by the Chief Umpire. If an injury or illness occurs during an event, teams must first utilize a substitute if alternate is not already named.

WITHDRAWALS & REFUNDS

Teams may withdraw from an event prior to the registration deadline by contacting CURLSASK.

Withdrawals after registration deadline will not receive a refund, unless approved by CURLSASK. Under special circumstances, a written letter may be submitted to the competition committee for consideration.

In the event of a competition being cancelled, a full refund will be issued minus an admin fee of \$20.

PROHIBITED SUBSTANCES

Smoking, vaping, chewing tobacco, use of cannabis, or drinking alcoholic beverages by a player or coach on or in proximity to the ice surface is prohibited. Players/coaches attending playdowns for Under 20 age division and younger shall not be allowed to consume alcoholic beverages or recreational drugs at any time during any level of play.

 - a) if the delay of the start of play is 10 - 19 minutes, then the non-offending team receives one point, and will have last stone in the first end of actual play, one end is considered completed.
 - b) if the delay of the start of play is 20 - 29 minutes, then the non-offending team receives one additional point, and will have last stone in the first end of actual play, two ends are considered played.
 - c) if play starts, the playing time allotted to each team is reduced by 4 minutes for each end considered played.
 - d) if play has not started after 30 minutes, then the non-offending team is declared the winner by forfeit. A forfeited game is recorded as 1 point in the first end, 1 point in the second end and the third end is marked with X's. The final score is 2 - 0.

TIMING

GAME TIMES:

Games may be timed. The penalty for violation will be enforced as per the Curling Canada Rulebook. If games are NOT timed, the Umpire will enforce 'pace of play' per the rule book to assist with keeping the games on schedule.

- 1) The between-end break shall be to a maximum of 60 seconds
 - a) If an extra end is required there is an optional 3 minute break teams may take
- 2) The mid-game break shall be to a maximum of 5 minutes
- 3) Rotating 4's, Under-18 & Under-20 game times are referenced in [Youth Competitions](#)
- 4) Thinking Time allotted for adult competitions:
 - a) Eight (8) end games have a time of 30 minutes.
 - b) Ten (10) end games have a time of 38 minutes.

- c) Eight (8) end Mixed Doubles games have a time of 22 minutes

- 2) Each time-out will last 90 seconds which includes travel time for the coach.
- 3) Coaches running or jogging during the time-out will not be tolerated. The team will lose the time-out and the clock will start if this occurs.
- 4) Time-outs may only be requested from the playing surface by a player of the team that is in control of the house. Players are encouraged to use the "T" signal with their hands above their head to ensure time-out is observed by officials. Coaches may physically signal a request for a time-out to their players on the ice.
- 5) The coach is allowed to communicate with the team during time-outs and breaks as determined by the Head Official.

EXTRA ENDS:

If extra ends are required, each team will be given one (1) timeout per extra end. Timeouts cannot be carried over.

LAST STONE DRAW

LAST STONE DRAW (LSD) PROCEDURES:

- 1) LSDs will be delivered toward the home end only.
 - a. If a team delivers the wrong rotation, they receive the maximum distance
- 2) A maximum of one minute will be given to deliver the LSD.
 - a. Stones not delivered within the one minute receive the maximum distance
- 3) Coaches and fifths are not allowed to stand on the ice during the delivery of the LSD. The opposing team should remain behind the glass or scoreboard until after the LSD has been delivered.
- 4) The team with the lesser LSD distance has the choice of delivering first or second stone in the first end. It is assumed that the team winning the LSD will want the last stone in the first end and therefore deliver second.
 - a. If a team does not want the last stone, IF they win the Last Stone Draw, they must inform the Umpire.
- 5) A stone that is moved by a team member, prior to the measure, will be assigned the distance of the next defined circle away from the button
- 6) Stones that finish so close to the pin that they cannot be measured are recorded as 0.0 cm, except if triangulation measurements are done with a laser.
- 7) Full sweeping is allowed; however, one of the players must hold the target broom (in mixed doubles a target broom holder is not required). In Mixed team competition, the team's playing order must be followed for sweeping and holding the target broom.

- 8) Following each team's pre-game practice, the two pre-determined players from the team will each deliver a stone (Unless otherwise stated in the event details package). There will be an announcement to deliver each Last Stone Draw.
- For 4-person, the first player will deliver the clockwise rotation while the second player will deliver the counterclockwise rotation.*
 - For mixed doubles, both players will throw the same turn. Teams practicing first will throw the clockwise rotation and teams practicing last will throw the counterclockwise rotation.
- 9) Missed Throws:
- Should the team with first practice record a cumulative distance of 0.0 cm or 399.2 cm, a third player, different from the first two throwers, from the team will deliver a draw to the button (Clockwise rotation). If the third player records 0.0 cm or 199.6 cm, a fourth player, different from the first three throwers, will deliver (Counter-Clockwise rotation) and so on until a number other than 0.0 cm or 199.6 cm is registered
 - Mixed Doubles will alternate throwers and will throw the same turn as previously thrown
 - Should the team with second practice also record a cumulative distance of 0.0 cm or 399.2 cm, a third player, different from the first two throwers, from the team will deliver a draw to the button (Clockwise rotation). The team with second practice will continue to throw (different throwers, alternating Rotations) until a different comparable distance is achieved with the first team's distance thrown in the same order.
- 10) Tied Throws:
- When both teams have the same individual LSD stone distances, the teams will alternate delivering one stone each with their designated rotation until the tie is broken. Any player on the team can deliver the third and any subsequent stones including the players who delivered the first two stones.

Rock Location	Measurement with Laser
On or touching the button	29.44cm
In or touching the four foot	75.16cm
In or touching the eight foot	136.12cm
In or touching the twelve foot	197.08cm
Out of the rings	199.60cm
the distances above have the radius of the rock included in the total	

SKILL BASED TEAM RANKING SYSTEM (SBTRS)

- The SBTRS will include the cumulative distance of all the pre-game LSD's to the pin for last stone advantage in the first end of all-round robin games.
 - At the conclusion of the pool play round robin the two highest individual recorded distances will be discarded to establish the final SBTRS

- 2) The SBTRS may be used to rank teams for the playoff round, any tiebreakers, rock selection and it is possible for teams to be eliminated from playoffs based on SBTRS (when head-to-head records result in a tie or ties)
- 3) Per player delivery requirement(s).
 - a) Teams must declare to the Umpire which player will deliver the LSD prior to the beginning of the first practice
 - b) The number of LSD stones, and the number of clockwise and counterclockwise deliveries for each player, will be determined at each competition depending upon the number of games in the round robin. Based on the Original Team Lineup form, the four players must fulfil the minimum number of LSD deliveries (**number of clockwise and counterclockwise deliveries not applicable to Mixed Doubles**).

# of Round Robin Games	Minimum for Each Player
3	1 stone
4-6	2 stones, 1 clockwise + 1 counterclockwise
7-8	3 stones, 1 clockwise + 1 counterclockwise

The alternate can take part in the team talking time between ends and during the mid-game break. The alternate cannot take part in any Coach Interactions during an end.
- 8) There will be absolutely no talking or body language by the coach/alternate to their team unless during an interaction, opposition interaction, or between ends. Body language includes hand, body gestures, signaling or any other form of communication.
 - a) Penalties to coaches include: First Offense - verbal and written warning. Second Offense - coach will sit inside with no interactions or communication for the remainder of the current game (if before mid-game break) or the entire next game (if after mid game break). If the coach repeats the infraction again, they will be removed from play and will sit in the spectator seating for the remainder of the event.
- 9) Coaches are allowed to use their phone or tablet to record game statistics, write down notes or take photos of game scenarios, but they are not permitted to use those devices or smart watches for communication purposes.

If the coach repeats the infraction again, they will be removed from play and will sit in the spectator seating for the remainder of the event.

YOUTH FAIR PLAY TIMEOUT

The purpose of the Coaches Fair Play Time-Out is to provide the coach with the opportunity to diffuse a potentially negative situation regarding a player's on ice demeanor before the situation escalates or to counsel an athlete relative to adhering to the rules of the game.

- 1) Each coach shall be provided the opportunity to request one minute fair play time-out per game. The clock will be stopped.
- 2) A coach's fair play time-out shall only be implemented with the approval of the Chief Umpire.
- 3) Only the coach who requested the fair play time-out may access the playing area accompanied by a game umpire.
- 4) A game umpire may recommend a coach's fair play time-out.
