

JOB OPPORTUNITY

ICE TECHNICIAN, MELVILLE CURLING CLUB

Melville Curling Club is currently seeking an Ice Technician/Ice Maker for the upcoming curling season. Our 4-sheet club is home to many competitive events, bonspiels and league curling. Being a curler and having some knowledge of curling and ice conditions would be a key asset.

Position: Ice Technician

Location: Melville, Sk.

Deadline for applications: August 1, 2026

Responsibilities:

- Install ice for curling in November and remove the ice at the end of March
- As an Ice Technician you are responsible for the daily preparation, maintenance and care of the ice surface
- Responsible to prepare the ice prior to each game
- Have the ability to work flexible hours, including week nights and weekends
- Maintain ice equipment throughout the curling season

Credentials:

- Previous Ice Technician experience if any and with what club or clubs is an asset
- Ice Technician training (level of certification) would be an asset
- Willing to attend ice technician courses, funded by the club
- Ability to work independently and a willingness to learn and take direction
- Excellent communication skills and ability to train and work with volunteers
- Strong attention to detail and a commitment to providing top quality ice for curlers of all levels
- Ability to perform physical tasks (lifting, pushing), and work in cold environments
- Provide a Criminal Record Check including Vulnerable Sector Check
